**How to create Assignment?**

Log into your account, choose courses and add a new Assignment.

The screenshot shows the Canvas LMS interface for a course named '1Test'. The page title is '1Test > Assignments'. On the left is a navigation sidebar with icons for Account, Admin, Dashboard, Courses, Groups, and Calendar. Below these are links for Home, Announcements, Assignments, Discussions, Grades, People, Pages, and Files. The main content area has a search bar for assignments, a '+ Group' button, and a circled '+ Assignment' button. Below this is a 'Tasks' section with a list of items, each with a document icon and a status indicator (green checkmark or red X).

Student can also pre-submit the document for verification if the setting is available.

Type in the Assignment's name and its description.

The screenshot shows the 'New Assignment' form in Canvas. The 'Assignment name' field is filled with 'Test'. Below the name field is a rich text editor with a toolbar containing options for Edit, View, Insert, Format, Tools, and Table. The editor's content area contains the text 'Test'. At the bottom of the editor, there is a status bar showing 'p', a link icon, a user icon, '1 word', and icons for undo, redo, and a menu.

protected by copyright law without permission for a usage where such permission is required, thereby infringing certain exclusive rights granted to the copyright holder, such as the right to reproduce, distribute, display or perform the protected work, or to make derivative works. The copyright holder is typically the work's creator, or a publisher or other business to whom exclusive rights are a form of monopoly. Exclusive rights can be established by law or by contractual obligation, but the scope of enforceability will depend upon the extent to which others are bound by the instrument establishing the exclusive right; thus in the case of contractual rights, only persons that are parties to a contract will be affected by the establishment of such rights. Exclusive rights may be granted in public utilities, or, in some cases, to public utilities, or, in some cases, to public utilities. Scholars argue that rights to property.

Within academia, plagiarism by students, professors, or researchers is considered academic dishonesty or academic fraud, and offenders are subject to academic censure, up to and including expulsion. Some institutions use plagiarism detection software to uncover potential plagiarism and to deter students from plagiarizing. Some universities address the issue of academic integrity by providing students with thorough orientations, required writing courses, and clearly articulated honor codes. Indeed, there is a virtually uniform understanding among college students that plagiarism is wrong. "Nevertheless, each year students are brought to their institutions' disciplinary boards on charges that they have misused sources and try to cheat in their schoolwork." [23]

However, the practice of plagiarizing by use of sufficient word substitutions to exclude detection software, known as rogeting, has rapidly evolved as students and unethical academics seek to stay ahead of detection software. [24]

Despite phenomenon of plagiarism is very sensitive in academic society, there is no much done to move forward with academic integrity in many countries. The reasons are various: lack of legislation and regulations, poor practices implemented etc. Within last few years the plagiarism scandals became loudly discussed both among politicians and academic community.

"An extreme form of plagiarism, known as contract cheating involves students paying someone else,
